

(a)      A          B          C          D  
             4          1          0          2

b)      A          B          C          D  
             4          1          0          2

Still the same

c)      A          B          C          D  
             2          1          0          2

unchanged

d)      A          B          C          D  
             1          1          0          2

From C

            A          B          C          D  
             1          0          1          1

B vector now
